

## What are TalentOcean Premium Insights?

TalentOcean Premium Insights is one of a suite of business service from ConnectingPM. It delivers in-depth profiles, assessments and appraisals for project management applicants in specific industries, designed, developed and curated by IT industry specialists. Developed specifically for recruiters and hiring agencies – and also as a gauge for performance management – they provide independent expert perspectives about an individual's skills and competencies without the need for a subject matter expert.

Unlike TalentOcean Insights, Premium Insights provide more information about vacancy applicants, based on a specific industry sector. With many project management roles, it's important that they have – at least – a peripheral knowledge of the industry sector for a role or vacancy. Premium Insights provides a generic, industry specific Role on TalentOcean for applicants to complete, providing those further insights. The results are provided in an extended TalentOcean Insights format, based on TalentOcean Roles:

The image displays four sample reports from the TalentOcean Premium Insights platform. Each report is a detailed document with various sections, tables, and text. The reports are:
 

- How Your Job Appears through TalentOcean:** Includes sections for Role Details for Your Job, Job Description for Your TalentOcean Role, Interview Pre-Submission Questions for Your Role, and Skills and Competency Levels Required for Your Role.
- Your Job Applicant Match - Complete Profile:** Includes sections for Member's Details (EMERGE), Member's General Executive Resumè, and Member's Skills Assessment Resumè.
- Member's Recent Job History:** Includes sections for Member's Recent Job History and Skills and Competencies - How Member Matches up to your Role.
- Member's Personal Evaluation - Standards Appraisal:** Includes sections for Member's Self Skills Assessment Appraisal, Member's Professional Assessment Appraisal, and Member's Physical Assessment Appraisal.

 A 'Download Demo (PDF)' button is visible on the rightmost report.

## Subscriptions

Each Service is provided via a Subscription model, which includes 5 Insights / Premium Insights per month, which accumulate if they remain unused:

Monthly Subscriptions		
Insights	Premium Insights	Role Premium Insights*
€499	€899	€2499

\*Includes the publication of 1 Role on TalentOcean.

## Add-Ons

Under each Subscription, supplemental add-on volumes are available:

Volume Add-Ons				
Amount	Discount	Insights	Premium Insights	Role Premium Insights**
10-25*	Standard	€200	€350	€300
26-50	10% Off	€180	€315	€270
51-100	20% Off	€160	€280	€240
101-250	30% Off	€140	€245	€210
251-500	40% Off	€120	€210	€180
500+	50% Off	€100	€175	€150

\*Minimum 10 Insights.

\*\*Initial Role purchase required (€2000 per Role).

Insights for customer participants will be filled on a first come, first serve basis up to the purchased quantity limit.

Analytics are anonymized where quantity limits are exceeded.
